

1 Q. Okay. So how long would you say Bobby
2 was there?

3 A. Oh, I left. I mean I was -- I had left
4 before those guys were gone.

5 Q. Okay. So when you left, they were still
6 there?

7 A. Yeah.

8 Q. Okay. Now, did there come a time when
9 you actually asked Greg Anderson questions
10 regarding BALCO's ability to test urine samples
11 for steroids?

12 A. Yes.

13 Q. Tell me how that came about.

14 A. Well, in 2001 there was a case and some
15 rumors about -- and I've -- I heard it from two
16 different sources; one, I heard it when the tennis
17 tour came to the San Jose Arena and our Sharks
18 trainer used to help out when they came in and
19 they had said that there was a whole group of
20 tennis players that had tested positive for a
21 steroid from a supplement, a supplement that was
22 sold over the counter, and -- and I had heard it
23 from a motorcycle racer also that there was a --
24 and the supplement happened to be something that
25 my oldest son, who was at home, was taking.

1 So I asked Greg "Can BALCO test for -- for

3 Q. Uh-huh.

4 A. So, um... Um... There was a point I was
5 going to make.

6 Q. So did you submit or have your son submit
7 urine samples?

8 A. Yeah, so I told -- I told -- I told my
9 son, you know, "Hey, this is the deal. We want to
10 know if it's in the supplement. Leave a --
11 leave" -- I gave him a couple containers and I
12 said, "Leave them and I'll put 'em in the you
13 know. I'll take them down to..."

14 Q. And did you ultimately get results of
15 those tests back to you?

16 A. Yes.

17 Q. And did you review them with a -- in
18 other words -- withdrawn. Was it -- was it an
19 appropriate lab-report result? In other words,
20 did it contain the information you, as a -- as a
21 medical doctor, would expect to see on this type
22 of report?

23 A. It's -- yes.

24 Q. Okay. So during the course of your
25 treatment with -- of -- of Barry Bonds, did he
